#### **AGENDA:**

8:30am – 11:45pm Online Bullying and Harassment  
12:45pm – 4:00pm Social Networking & Internet Safety

#### **Online Bullying and Harassment / Social Networking & Internet safety**

Online Bullying and harassment is one of the most prevalent problems facing students, parents' educators and school personnel today. We often overlook the impact that online activities outside of school have on the school environment. Many students feel that adults cannot recognize nor do anything about bullying and harassment online and simply let it go unchecked. This offering will help adults bridge that gap between students and adults in addressing online bullying and making participants more confident in their approach to addressing these issues within their own spheres of influence.

Areas to be covered are;

- **Recognizing online bullying**
- **Understanding the impact of online bullying to the school environment**
- **Prevention and intervention**
- **Understanding the technology gap between kids and adults**
- **Overview of online trends and social networking**

**Please RSVP with the slip below along with your registration fee of \$20.00 by December 1st, 2009**
